RI Presidential Message

from John F. Germ
President 2016-17
July 2016

Today, we look ahead toward a Rotary year that may one day be known as the greatest in our history: the year that sees the world's last case of polio. Wild poliovirus caused only 74 cases of polio in 2015, all of them in Afghanistan and Pakistan. As we continue to work tirelessly toward our goal of eradication, we must also look beyond it: preparing to leverage our success into even greater successes to come.

It is tremendously important to Rotary's future that our role in the eradication of polio be recognized. The more we are known for what we've achieved, the more we'll be able to attract the partners, the funding, and, most important, the members to achieve even more. We're working hard at RI headquarters to be sure that Rotary gets that recognition. But it can't all happen in Evanston. We need you to get the word out through

your clubs and in your communities about what Rotary is and what we do. We need to be sure that our clubs are ready for the moment when polio is finally eradicated – so that when people who want to do good see that Rotary is a place where they can change the world, every Rotary club is ready to give them that opportunity.

We know that if we want to see *Rotary Serving Humanity* even better in the years ahead, we'll need more willing hands, more caring hearts, and more bright minds to move our work forward. We'll need clubs that are flexible, so that Rotary service will be attractive to younger members, recent retirees, and working people. We'll need to seek out new partnerships, opening ourselves more to collaborative relationships with other organizations.

Looking ahead, we also see a clear need to prioritize continuity in our leadership. We in Rotary are all playing on the same team, working toward the same goals. If we want to reach those goals together, we all have to move in the same direction – together.

Every day that you serve in Rotary, you have the opportunity to change lives. Everything you do matters; every good work makes the world better for us all. In this new Rotary year, we all have a new chance to change the world for the better, through *Rotary Serving Humanity*.

Club donated a good amount of money to Arunima Hospice on 1st July 2016. They are working for the HIV Positive Children

Dear Rtn Debasis Chakraborty,
Congratulations on your new position as President of Rotary Club of Sonarpur! I hope you have a very satisfying year ahead as you bring about a difference in the lives of people in the community that you serve.
Ralph Waldo Emerson had said, "The purpose of life is not to be happy. It is to be useful, to be honorable, to be compassionate, to have it make some difference that you have lived and lived well." That is what is expected of all Rotarians too.
Last year your club did God's work on earth as you went from one project to the other, giving smiles on the faces of the beneficiaries of your projects. It is not easy to receive the awards that your club did and I bow to your club and your predecessor for what you achieved.
I am sure that you, too, will concentrate on service to humanity. Please understand that Nature has made you a giver, your hands are born open, and so is your heart. And though there may be times when your hands are empty, your heart is always full, and you can give things out of that. This is why our world leader President John F. Germ has declared his Rotary theme for 2016-17 to be "Rotary Serving Humanity".
Also, please remember that 2016-17 is a very special year. It is the year when we celebrate the centenary of The Rotary Foundation (TRF)! Let us celebrate this occasion whole-heartedly and participate in the programs of TRF as well as donate generously to it!
I take this opportunity to wish you a successful journey of service in 2016-17.

With best wishes,
Yours in Rotary service,
Shyamashree Sen
